NM WCA EDI Claims Release 3.1 Information Announcement

Data Review: Informational Trends

Date: 12/03/2025

With the NM WCA migration to EDI Claims R3.1 on 11/7/2025 the WCA is providing feedback on the data reported by the Trading Partners.

➤ **DN0005 Jurisdiction Claim Number on FROI MTC URs**

Error Message: DN0005-Jurisdiction Claim Number (JCN) with Error 063 and Error Message 'CheckJCN-NoLegacyRcvd-URInvalid-SendDiffMTC(F16)'

Leading Cause: The JCN on the FROI-UR does not match the NM JCN historical data.

Action: Review of the JCN sent to ensure:

- There are no leading zeros in the JCN field that NM does not have in their historical JCN.

OR

- The Workers Compensation Administration Number (WCA number) was not used in place of Jurisdiction Claim Number (JCN). A WCA number is assigned when a court case is opened and is different than the JCN. The JCN is assigned by the jurisdiction at the time of the first EDI filing for all claims, including those without a court case.
